RESORT  
PATONG BEACH, THAILAND

A Special Publication of the Bangkok Post

Today Phuket Cabana, one of the original beach-front hotels on Patong Beach, celebrates two special occasions — the completion of the hotel's major renovation project undertaken since early this year, and its 14th anniversary — in which I am very delighted to have this opportunity to extend my sincere congratulations and best wishes to the hotel, its management and all staff.

Strategically located right on the beach front, Phuket Cabana has long been a holiday home for visitors, both local and foreign, to Phuket. Today, the hotel's overall new look with upgraded facilities is another precious asset, added to the already well-known image of Phuket Cabana. The hotel's 14th anniversary is

also a testimony to the success of an efficient management. It is, indeed, another milestone to be proud of. Phuket Cabana has put itself more prominently than ever on the Southeast Asian tourist map.

I am very confident that with the hotel's strategic location, its upgraded facilities and warm hospitality, Phuket Cabana will progress in the years to come and be a valuable asset for the country's tourism promotion.

# 14TH ANNIVERSARY WITH UPGRADED FACILITIES: A DOUBLE CELEBRATION

No doubt — Phuket is Thailand's southern paradise, a truly charming island with miles of clean, unspoiled beaches.

And no question — Patong is the best known of Phuket's many beaches, offering a crystal clear sea complimented with a backdrop of green mountains — a scene no artist could ever express in paint.

And a resounding yes to the Phuket Cabana — the ideal place to stay and enjoy your fun-filled holiday on Patong Beach.

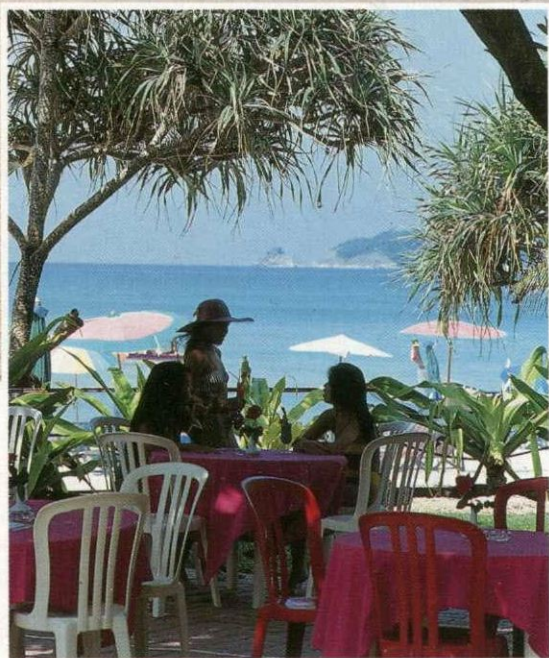

Today, this well-known and much-patronised hotel, one of the original beach-front properties sprawling along some 200-metre-long white sandy beach, celebrates two special occasions with pride and dignity: the completion of its extensive renovation scheme and the hotel's 14th anniversary.

True to its slogan of "The Little Hotel With A Big Heart", Phuket Cabana has invested a massive 40 million baht to renovate, extend and upgrade all of its facilities. The redesigning and redecorating of the hotel's 80

guest rooms, restaurant, lobby lounge, bar, conference room, main kitchen, pool, gardens and the surrounding landscaped areas, have been done with the utmost care and under the close supervision of the management, to ensure maximum comfort and enjoyment for its guests, a large number of whom have been regulars for many years.

The hotel's 14th anniversary also means that Phuket Cabana has grown with the years — it has become stronger, more experienced and more determined to realise its ultimate goal of providing guests with the best possible facilities and service. And all this while keeping its feet firmly on the ground; without moving into an unrealistically high price range. It is indeed a testimony to a successful hotel operation by an excellent management team.

Today, Phuket Cabana looks ahead with confidence and proudly rolls out its red carpet to welcome its guests, both Thai and foreign, with a complete line of first-class facilities and impeccable service, plus a wide range of beach-centred activities.

Since its establishment 14 years ago, Phuket Cabana has maintained the high standard of accommodation and service the hotel has become known for. Both Thai and foreign

guests have long appreciated Phuket Cabana's warm and sincere hospitality, inducing them to revisit Phuket year after year.

Today, the completion of Phuket Cabana's renovation, coinciding with its 14th anniversary, affirms the hotel's commitment to its guests and its determination to improve Phuket's tourist facilities.

Phuket Cabana was among the very first hotels operating at Patong Beach. Its presence not only serves national interests by bringing in foreign currency, providing employment and promoting the tourism industry, but it also cooperates with the Phuket authority in conserving environmental conditions. Let me extend my gratitude to the hotel for its effort to protect the beauty, serenity and ambience of Patong Beach.

On this occasion, may I wish Phuket Cabana all the best for the future and thank you for a job well done.

## NEW LOOK WITH UPGRADED FACILITIES

Strategically located directly on the waterfront at Patong Beach (only 40 minutes from Phuket International Airport and 20 minutes from Phuket town), the newly renovated Phuket Cabana offers 80 chalet-type bungalows comprising 60 Superior Rooms, 12 Deluxe Rooms, 3 Family Rooms, a Cabana Suit and a Grand Suit, each with its own porch, set in lush, landscaped tropical gardens. The hotel's prime location and its superb new facilities offer guests a choice of either staying within the comfort of their rooms and the nearby pool or relaxing on sunny Patong Beach, "just a few steps from your Cabana".

The renovation saw all 80 cottages being expanded with the entrance relocated to face the clear blue sun-sparkled waters of the Andaman Sea. All rooms are equipped with air-conditioning with individually-controlled

thermostats, ceiling fan, refrigerator/mini bar, television, piped music and telephone. The rooms have been redecorated and refurbished with new rattan furniture, blending perfectly with the multi-hued curtains.

The spacious, fully-appointed bathrooms were specially remodelled, using cool, elegant marble and sandstone. Modern bath amenities include hot and cold water, shower, bathtub, wall-mounted electric hair-dryer and many other toiletry conveniences. Above the bathtub is an opaque roof where the sunlight shines in, creating a warm and inviting feeling to the room.

Enter one of the "Cabana's" rooms today and you'll feel the ambience right away; the peaceful comfort of a home with all modern amenities, more than enough to make your holiday a perfect one.

Today is a very auspicious day for all of us at the Phuket Cabana, seeing that we have two special occasions to celebrate: the 14th anniversary of the hotel and the inauguration of its upgraded facilities.

Phuket Cabana has been known as "The Little Hotel with a Big Heart" because of our generous services. As Phuket is burgeoning into one of the world's most popular holiday destinations, more hotel facilities are in great demand and we, at Phuket Cabana, feel it is necessary to upgrade our facilities to best accommodate local and foreign guests.

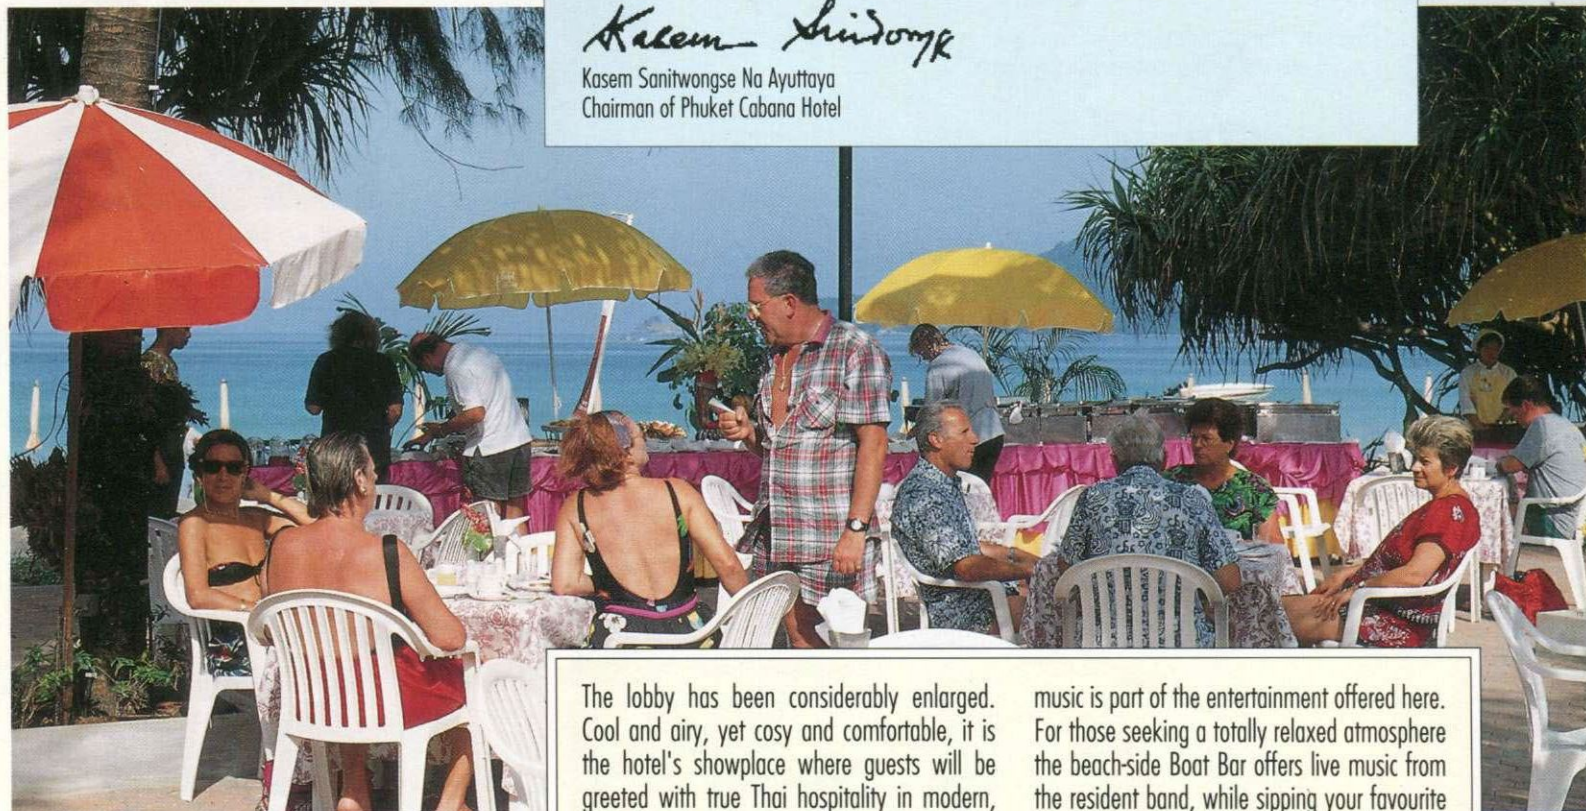

With the completion of its 40-million-baht renovation programme, Phuket Cabana today proudly introduces a host of convenient new facilities and deluxe amenities designed to provide a pleasant ambience and certain to give our guests a memorable stay.

I would like to take this opportunity to convey my sincere appreciation to the management and staff of the hotel, and all parties involved for their cooperation in making this day a reality.

*Kasem Sanitwongse*

Kasem Sanitwongse Na Ayuttaya  
Chairman of Phuket Cabana Hotel

The lobby has been considerably enlarged. Cool and airy, yet cosy and comfortable, it is the hotel's showplace where guests will be greeted with true Thai hospitality in modern, colourful, resort surroundings.

Phuket Cabana's food and beverage outlets have been superbly redesigned with the aim of providing guests a different, relaxing dining experience. Spacious, light and airy, the new beach-side restaurant is unmatched for informal dining. It can cater to every taste and mood, whether international favourites, Oriental cuisine, a touch of European fare or a taste of something new and exotic. The Cabana's relaxed any-time-of-the-day-or-night beach-side restaurant is capable of seating up to 150 people.

Port of Cabana, the cosy lobby lounge, is a favourite meeting place for pre-dinner aperitifs or exotic cocktails after a long fun-filled day. Live

music is part of the entertainment offered here. For those seeking a totally relaxed atmosphere the beach-side Boat Bar offers live music from the resident band, while sipping your favourite drink and watching the golden sunset during the intimate Happy Hour from 5:30 to 7 p.m.

In addition to these three great dining and drinking places, the Poolside Pavilion offers sun-seekers refreshing drinks and light snacks. The new lagoon swimming pool, fronting the hotel's own 200 metres of white sand beach, is also a perfect place for the whole family to enjoy.

Phuket Cabana is also ideal for business meetings. Its conference room is equipped with complete state-of-the-art A/V facilities and, being above the lobby lounge, it has a magnificent view of the sea. Accommodating up to 30 persons, the conference room lets you combine business and pleasure in the most pleasing and successful way.

It is my great pleasure and honour today to join the celebration of the 14th Anniversary of the Phuket Cabana. Our success over the past years is testimony to the excellence of our facilities and services.

We never rest on our laurels. Despite past achievements, we have always made every effort to reassure our patrons of the highest standard of service and accommodation which our hotel offers. As part of this commitment to excellence, we have invested in the hotel's renovation programme, designed to assure our guests a more convenient and comfortable stay while retaining the natural beauty of Patong Beach and the fascinating traditions and lifestyle of the people of Phuket. It is my sincere wish that

the upgraded Phuket Cabana may be of service to you whenever you come to Phuket.

Let me extend my gratitude to those who have given us their patronage and my thanks to our valuable staff for their dedication to the "Cabana".
